

Tetramethylammonium triacetoxyborohydride

货号: **AYB26720**

产品信息

生物活性	Tetramethylammonium triacetoxyborohydride is a biochemical reagent that can be used as a biological material or organic compound for life science related research.
CAS	109704-53-2
中文名称	四甲基三铍
分子量	263.10
体外研究	
体内研究	
形式	Solid
运输条件	Room temperature in continental US; may vary elsewhere.
保存条件	4°C, stored under nitrogen, away from moisture
溶解性	
纯度	≥98.0%
