

# Tetrapropylammonium perruthenate

货号: **AYB26807**

## 产品信息

生物活性	Tetrapropylammonium perruthenate is a biochemical reagent that can be used as a biological material or organic compound for life science related research.
CAS	114615-82-6
中文名称	四正丙基过钌(VII)酸铵
分子量	351.43
体外研究	
体内研究	
形式	Solid
运输条件	Room temperature in continental US; may vary elsewhere.
保存条件	4°C, protect from light, stored under nitrogen
溶解性	
纯度	≥98.0%
