

Tetrabutylammonium hexafluorophosphate(V)

货号: **AYB26812**

产品信息

生物活性	Tetrabutylammonium hexafluorophosphate(V) is a biochemical reagent that can be used as a biological material or organic compound for life science related research.
CAS	3109-63-5
中文名称	四丁基六氟磷酸铵
分子量	387.43
体外研究	
体内研究	
形式	Solid
运输条件	Room temperature in continental US; may vary elsewhere.
保存条件	
溶解性	
纯度
