

Tetrabutylammonium fluoride

货号: **AYB26833**

产品信息

生物活性	Tetrabutylammonium fluoride is a biochemical reagent that can be used as a biological material or organic compound for life science related research.
CAS	429-41-4
中文名称	TBAF 溶液
分子量	261.46
体外研究	
体内研究	
形式	Liquid
运输条件	Room temperature in continental US; may vary elsewhere.
保存条件	
溶解性	
纯度
