

Succinic anhydride, (2-dodeceny)- (8CI)

货号: **AYB26856**

产品信息

生物活性	Succinic anhydride, (2-dodeceny)- (8CI) is a biochemical reagent that can be used as a biological material or organic compound for life science related research.
CAS	19780-11-1
中文名称	2-十二烷烯-1-基丁二酸酐
分子量	266.38
体外研究	
体内研究	
形式	Oil
运输条件	Room temperature in continental US; may vary elsewhere.
保存条件	4°C, protect from light
溶解性	
纯度
