

Tetramethylammonium fluoride tetrahydrate

货号: **AYB26947**

产品信息

生物活性	Tetramethylammonium fluoride tetrahydrate is a biochemical reagent that can be used as a biological material or organic compound for life science related research.
CAS	17787-40-5
中文名称	四甲基氟化铵 四水合物
分子量	165.20
体外研究	
体内研究	
形式	Solid-liquid mixture
运输条件	Room temperature in continental US; may vary elsewhere.
保存条件	
溶解性	
纯度	≥99.0%
