

# Benzyltrimethylammonium dichloriodide

货号: **AYB27144**

## 产品信息

生物活性	Benzyltrimethylammonium dichloriodide is a biochemical reagent that can be used as a biological material or organic compound for life science related research.
CAS	114971-52-7
中文名称	三甲基苄基二氯碘酸铵
分子量	348.05
体外研究	
体内研究	
形式	Solid
运输条件	Room temperature in continental US; may vary elsewhere.
保存条件	
溶解性	
纯度
