

Tetraethylammonium tetrafluoroborate

货号: **AYB28151**

产品信息

生物活性	Tetraethylammonium tetrafluoroborate is a biochemical reagent that can be used as a biological material or organic compound for life science related research.
CAS	429-06-1
中文名称	四氟硼酸四乙胺
分子量	217.06
体外研究	
体内研究	
形式	Solid
运输条件	Room temperature in continental US; may vary elsewhere.
保存条件	
溶解性	
纯度
