

Acetylthiocholine diiodide

货号: **AYB28241**

产品信息

生物活性	Acetylthiocholine diiodide is a biochemical reagent that can be used as a biological material or organic compound for life science related research.
CAS	1866-15-5
中文名称	碘代乙酰硫代胆碱
分子量	289.18
体外研究	
体内研究	
形式	Solid
运输条件	Room temperature in continental US; may vary elsewhere.
保存条件	
溶解性	
纯度
