

Tetrabutylammonium difluorotriphenylsilicate(IV)

货号: **B26815**

产品信息

生物活性	Tetrabutylammonium difluorotriphenylsilicate(IV) is a biochemical reagent that can be used as a biological material or organic compound for life science related research.
CAS	163931-61-1
中文名称	四丁基铵二氟三苯基硅酸盐
分子量	539.86
体外研究	
体内研究	
形式	Solid
运输条件	Room temperature in continental US; may vary elsewhere.
保存条件	
溶解性	
纯度
