

Tetra-n-butylammonium iodide

货号: **B26828**

产品信息

生物活性	Tetra-n-butylammonium iodide is a biochemical reagent that can be used as a biological material or organic compound for life science related research.
CAS	311-28-4
中文名称	碘化四丁基铵
分子量	369.37
体外研究	
体内研究	
形式	Solid
运输条件	Room temperature in continental US; may vary elsewhere.
保存条件	4°C, protect from light
溶解性	
纯度
