

Dimethyldioctadecylammonium bromide

货号: **B26850**

产品信息

生物活性	Dimethyldioctadecylammonium (bromide) is a biochemical reagent that can be used as a biological material or organic compound for life science related research.
CAS	3700-67-2
中文名称	双十八烷基二甲基溴化铵
分子量	630.95
体外研究	
体内研究	
形式	Solid
运输条件	Room temperature in continental US; may vary elsewhere.
保存条件	
溶解性	
纯度	≥99.0%
