

Diisopropylammonium dichloroacetate

货号: **B26883**

产品信息

生物活性	Diisopropylammonium dichloroacetate is a biochemical reagent that can be used as a biological material or organic compound for life science related research.
CAS	660-27-5
中文名称	二氯醋酸二异丙胺
分子量	230.13
体外研究	
体内研究	
形式	Solid
运输条件	Room temperature in continental US; may vary elsewhere.
保存条件	
溶解性	
纯度
