

Tetramethylammonium iodide

货号: B27155

产品信息

生物活性	Tetramethylammonium iodide is a biochemical reagent that can be used as a biological material or organic compound for life science related research.
CAS	75-58-1
中文名称	碘化四甲基铵
分子量	201.05
体外研究	
体内研究	
形式	Solid
运输条件	Room temperature in continental US; may vary elsewhere.
保存条件	
溶解性	
纯度	≥98.0%
