

# Acetobromocellobiose

货号: **B27295**

## 产品信息

|      |                                                                                                                                                |
|------|------------------------------------------------------------------------------------------------------------------------------------------------|
| 生物活性 | Acetobromocellobiose is a biochemical reagent that can be used as a biological material or organic compound for life science related research. |
| CAS  | 14227-66-8                                                                                                                                     |
| 中文名称 | (2R,3R,4S,5R,6S)-2-(乙酰氧基甲基)-6-(((2R,3R,4S,5R,6R)-4,5-二乙酰氧基-2-(乙酰氧基甲基)-6-溴四氢-2H-吡喃-3-基)氧基)四氢-2H-吡喃-3,4,5-三基三乙酸酯                                 |
| 分子量  | 699.45                                                                                                                                         |
| 体外研究 |                                                                                                                                                |
| 体内研究 |                                                                                                                                                |
| 形式   |                                                                                                                                                |
| 运输条件 | Room temperature in continental US; may vary elsewhere.                                                                                        |
| 保存条件 | Please store the product under the recommended conditions in the Certificate of Analysis.                                                      |
| 溶解性  |                                                                                                                                                |
| 纯度   |                                                                                                                                                |
