

Tetraheptylammonium bromide

货号: **B27567**

产品信息

生物活性	Tetraheptylammonium bromide is a biochemical reagent that can be used as a biological material or organic compound for life science related research.
CAS	4368-51-8
中文名称	四庚基溴化铵(>98%,BC)
分子量	490.70
体外研究	
体内研究	
形式	Solid
运输条件	Room temperature in continental US; may vary elsewhere.
保存条件	
溶解性	
纯度
