|------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| 生物活性 | Trehalose 6,6'-dimycolate is a biochemical reagent that can be used as a biological material or organic compound for life science related research. |
| CAS  | 61512-20-7                                                                                                                                          |
| 中文名称 | 海藻糖二霉菌酸酯                                                                                                                                            |
| 分子量  |                                                                                                                                                     |
| 体外研究 |                                                                                                                                                     |
| 体内研究 |                                                                                                                                                     |
| 形式   |                                                                                                                                                     |
| 运输条件 | Room temperature in continental US; may vary elsewhere.                                                                                             |
| 保存条件 | Please store the product under the recommended conditions in the Certificate of Analysis.                                                           |
| 溶解性  |                                                                                                                                                     |
| 纯度   |                                                                                                                                                     |
