

Tetraethylammonium 4-methylbenzenesulfonate

货号: **B28007**

产品信息

生物活性	Tetraethylammonium 4-methylbenzenesulfonate is a biochemical reagent that can be used as a biological material or organic compound for life science related research.
CAS	733-44-8
中文名称	四乙基铵对甲苯磺酸盐
分子量	301.45
体外研究	
体内研究	
形式	Solid
运输条件	Room temperature in continental US; may vary elsewhere.
保存条件	
溶解性	
纯度
